GENERAL OVERVIEW

For the year 2024, the contributors to the European Solidarity Fund for Ukrainian films are : the Cinema and Audiovisual Centre of the Wallonia-Brussels Federation, the Croatian Audiovisual Centre (HAVC), Deputy Ministry of Culture of the Republic of Cyprus, the Danish Film Institute, the Estonian Film Institute, the German Federal Government Commissioner for Culture and the Media (BKM), the Greek Film Centre (GFC), the National Film Institute Hungary (NFI), Screen Ireland, the General Directorate for Cinema and Audiovisual of the Italian Ministry of Culture (MIC), the National Film Centre of Latvia (NKC), the Lithuanian Film Centre, the Film Fund Luxembourg, the Netherlands Film Fund, the Norwegian Film Institute (NFI), the Instituto do Cinema e do Audiovisual (ICA), the Institute of Cinematography and Audiovisual Arts of Spain (ICAA) the British Film Institute's UK Global Screen Fund (BFI), the EFAD association, and the Centre National du Cinéma et de l'image animée (CNC).

On February 20, 2023, during the 73rd Berlinale, the “European Solidarity Fund for Ukrainian Films” was officially launched. The aim of this fund was, on one hand, to enable the resumption of Ukrainian cinematographic works that could not be completed because of the conflict by granting support for finalisation and, on the other hand, to give Ukrainian creators the means to initiate new works by granting support for the development of Ukrainian cinematographic works.

Since the needs of the Ukrainian film industry are ongoing, the fund's contributors wished to adapt it to provide them with the most effective response. Therefore, it was decided to transform the “European Solidarity Fund for Ukrainian Films” into a production support fund. These guidelines are intended to clarify how the fund operates.

OBJECT OF THE SUPPORT

The purpose of the fund is to provide grants to support the **production** of Ukrainian feature films. All grants are paid out in the form of subsidies and are financed by the above-mentioned contributors.

SELECTION PROCESS

A specific call for projects for production is launched jointly by the CNC and the contributors. The **deadline to submit the applications** is set out on the website of the fund at the following address: <https://esfuf.eu/how-to-apply/>.

Applications must be submitted **before the film shooting starts** for fictional works or before production begins for animated works. The application must contain all the documents listed in Annex 1 and be submitted, in English by e-mail to the CNC.

A maximum of **two applications per production company** will be accepted for the same call for projects.

After the CNC has reviewed the applications, the projects are evaluated by a commission called the "European Solidarity Fund for Ukrainian Films Commission". This commission is composed of seven members.

After the commission's recommendation, the President of the CNC decides on the allocation of subsidies. The decision to grant support is valid for a period of 18 months, which may be extended, by way of exception, to 24 months in justified cases and for valid reasons.

AWARD CRITERIA
